

the court cited, an absence of petitioner's objection to the report and recommendation in the record. That is because petitioner has never received a copy of the Magistrate Judge's Report and Recommendation.

In light of this fact, petitioner could not have possibly objected to the Report and Recommendation and petitioner would ask the court to revisit (de novo) petitioner's habeas corpus and afford him the opportunity to respond or object to the Magistrate Judge's Report and Recommendation as soon as the court's send report of Recommendation.
